

Need a ride to work? Interested in driving for cash?

Find or give a ride to a co-worker in three easy steps!

In the past have you been late or missed work due to:

- car repairs you can't afford
- no vehicle, insurance or driver's license
- public bus schedules or locations that don't work for you?

How can your Success Coach help you succeed?

- Address basic needs to increase your family's stability such as food, housing, transportation, childcare, and utilities.
- Create a short term goals plan such as creating an emergency fund, learning new skills, or getting along with a co-worker.
- Move on to longer term goals such as paying off debt, buying a home, saving for retirement, or getting a college degree.

How can Driven to Succeed earn or save you money?

- Get a low cost ride from a co-worker who lives near you or you are on their route to work.
- Be a paid driver for a co-worker who could use your help - use toward bills, debt or savings.
- Download the app BEFORE you have an emergency, so it's on hand if needed.

Step 2. Get the passcode from your Success Coach

- If needed, they can give you a step by step demonstration on how to use the app - it's easy!
- Your Success Coach can also provide a copy of the Privacy Policy.

Step 3. Enter your information

DRIVER

Name and photo
 Female or male
 Car make/model/color
 Your home/work address
 Days/times available
 Suggested ride price

RIDER

 Female or male
 Your home/work address
 Days/times rides are needed

Step 3. Choose a driver and confirm with Ride Chat

- After posting your needed ride and time, a driver will contact you if one is available.
- Once your driver has selected you as a rider, you will both be able to confirm your ride through texting right inside the app.
- You will not have to share your phone number.
- If you'd rather not be picked up at your home, choose a corner a short walk away.
